

M-LIGHT-RGBW

LINEAR LED LIGHTING SOLUTIONS

Featuring Nichia LEDs, and PCBs with 3oz Copper Traces for even better thermal management, our Flexible Linear RGBW LED Lighting is available in 12 V DC or 24 V DC, with configurations from 18 LEDs/ft. (60 LEDs/M) to 36 LEDs/ft. (120 LEDs/M.) Direct mounting via attached enhanced 3M Thermal Dissipating Tape. Available in IP20, IP67 and IP68.

LED pitch and Lumen output can be customized.

RGBW
Features:

LEDs/ft	36
LEDs/M	120
Lm/ft	474
Lm/M	1559
Power Consumption (W/ft.)	6.41
Power Consumption (W/M)	21.07
CRI	as selected below
Operating Voltage (DC)	24/12
Operating Temp Range (°C)	-40°C - 100°C

- UL LISTED
- CLASS 2
- LM80 >80,000 HRS
- HEAVY WEIGHT COPPER TRACES FOR ENHANCED THERMAL DISSIPATION
